

## Rochester Community House Single Day Summer Camps 9am – 4pm

### MAD SCIENCE THE SCIENCE OF SLIME: 6/21/23, 7/20/23, 8/16/23

We'll set up the Mad Science Lab for Jr. Scientists to mix, brew and mush up several batches of Slime!! That's right; this 1-day camp is all about creating gooey globs of fun, better known as slime. With the help of Mad Scientist instructors, Jr. Scientists will get to whip up several different slime recipes and spend the day learning about polymers. Glitter Slime, glow in the dark slime, orb slime, the possibilities are endless as kids experiment at our Slime Bar and create 3 different kinds of polymers. Jr. Scientist will also test their slime creations in a series of fun games and activities known as the Slime Olympics! Mad Science has always made the safety and security of kids in our programs an utmost priority We will be following all Covid-19 regulations.

### MAD SCIENCE - BE A ROCKET SCIENTIST: 7/6/23, 7/25/23

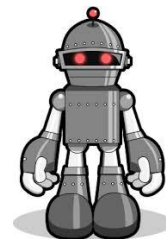

Become an aerospace engineer as you work in teams to build a real model rocket! We'll learn about the amazing forces that affect flight and put those forces to the test as we watch our rockets blast off high into the sky. Campers will also get a take-home to continue the fun at home! Mad Science has always made the safety and security of kids in our programs an utmost priority. We will be following all Covid-19 regulations.

### MAD SCIENCE ROBOT INVASION: 7/13/23, 8/3/23

Explore the basic and complex technology used to design and build robots. Discover how machines and robots work and how they can make our lives so much easier! Learn about simple circuits, motor principles, and make your own Robo-Hand to take home! Jr. Scientists will love experimenting with the many robots we bring along! Mad Science has always made the safety and security of kids in our programs an utmost priority. We will be following all Covid-19 regulations.
